Referral Process for Travel Training Program

San Joaquin Regional Transit District (RTD) is pleased to offer Travel Training for Stockton residents. RTD is teaming with Paratransit, Inc. the national leader in Mobility/Travel Training to bring their 30 years of travel training experience to Stockton. RTD's Travel Training program is funded through a Job Access Reverse Commute (JARC) 5316 grant.

Travel Training is designed to offer trainees one-on-one instruction on how to use fixed route public transportation in an effort to gain independence and increase mobility options.

Due to funding requirements, RTD limits eligibility to individuals who meet the following criteria:

- Must be a Stockton resident
- Must be going to work, actively seeking employment, or desire gainful employment, or
- Must be attending, or desire to attend, a program that teaches job skills or education (including educational institutions, e.g. college)

If you, or someone you know, are interested in receiving Travel Training and meet the eligibility criteria, please complete a referral form and return it to:
